Military and Veteran's Law Update

Join the Military and Veteran's Law section for important updates on recent or upcoming laws and issues affecting the military. The first segment will be a review of statutory changes Congress has made in both the 2022 and 2023 National Defense Authorization Act (NDAA) and the pretrial impact on military and veteran clients. The next hour will feature a panel discussion reviewing how each branch/service of the military is implementing the congressional requirements for the Office of Special Counsel, which takes effect on December 31, 2023. The last hour will be dedicated to updating attendees on VA processes and congressional oversight of VA issues, including disability claims.
